Evidence of Performance

Air permeability, Watertightness, Resistance to wind load

Test Report No.14-000735-PR01

(PB-A01-02-en-02)

Client ALUMINCO S.A.

Megali Rahi

32011 Inofita Viotias

Greece

Product Parallel sliding door

Designation System designation: AL 200 Double leaf Successive

Performance-relevant

product details

Overall dimensions

(W x H)

Special features

The vapour pressure equalisation of the glazing shall be ob-

Material: Aluminium profiles with thermal break

served.

Test sequence

1,600 mm x 2,200

Results

Air permeability according to EN 12207:1999-11

Class 3

Watertightness according to EN 12208:1999-11

Class 3A

Resistance to wind load according to EN 12210:1999-11/AC:2002-08

Class C1 / B2

Instructions for use

The results obtained can be used by the manufacturer as the basis for the manufacturer ITT test report summary. Observe the specifications set out by the applicable product standard.

Validity

The data and results refer solely to the tested and described specimen. Classification remains valid as long as the product and the above basis remain unchanged. The results can be extrapolated under the manufacturer's own liability subject to observance of the relevant specifications set out by the applicable product standard. This test/evaluation does not allow any statement to be made on any further characteristics regarding performance and quality of the construction presented; in particular the effects of weathering and ageing were not taken into account.

Notes on publication

The ift-Guidance Sheet "Advertising with ift test documents" applies. The cover sheet can be used as an abstract.

The report contains a total of 23 pages.
